Directors serve for three years, beginning January 1 of the year following the election. There are 12 Directors, with four assuming office each year. The Board, which includes the Directors and Officers, meets twice a year, in the Spring (Wednesday before the Annual Meeting in the convention hotel), and Fall (late October or early November in Washington, DC). The PAA Executive Director is asked to attend. The date for the Fall meeting is usually set at the Spring meeting.

The Finance Committee is a subcommittee of the Board; terms expire when Board membership ends. This committee includes the President, President-elect, Past President, Secretary-Treasurer and three Directors. At the end of each year, the President appoints one of the four incoming Board members to serve a three-year term on the Finance Committee. This appointee serves as Chair in his-her third year on the Committee. The committee meets twice a year, the Wednesday before the Spring Board of Directors meeting, and via conference call a week or two before the Fall Board meeting. The PAA Executive Director is asked to attend these meetings.

All members are elected for a one year term, as mandated by the PAA Constitution. After the election, the PAA President appoints one of the committee members to the position of Chair. This committee accomplishes its work by conference call, between the election and early the following year. The slate of candidates should be sent to the editor of “PAA Affairs” by January 15, in time for publication prior to the Annual Meeting.
The Committee on Publications is mandated by the PAA Constitution. Members are elected for a three year term, beginning January 1 of the year after the election. One member is elected each year and one rotates off at the end of each year. Each member serves as Chair in his-her third year. Every three years this committee is called upon to undertake the major task of recommending new editors for "Demography" and "PAA Affairs." At the Spring 1989 Board meeting, it was decided that the Chair presiding in the year new editors are selected will serve in an ex-officio capacity during the next selection year.

The Committee on Membership was formalized at the May 8, 2002 Board of Directors meeting. The committee consists of the Vice President, Vice-President-elect, and three Board members appointed by the President. Board members are appointed for a three-year term, and serve as Chair in the third year. The committee reports at each Board meeting.
This committee was formalized by the Board at the November 1, 1991 meeting. The PAA President designates one member as Chair. In addition, the Committee includes the PAA President, President-elect, immediate Past President, Chair of the Committee on Population Statistics (COPS), President and Treasurer of the Association of Population Centers (APC), and three other members, appointed by the President, representing the diverse interest of the Association. PAA Presidents serve three-year terms, in the capacity of President-elect, President, and immediate Past President. The COPS Chair serves for the duration of his-her term as Chair. The other members, including the Chair of the Public and Government Affairs Committee, serve four years. Appointments to the committee can be renewed, but usually not for more than two consecutive terms.

The Government and Public Affairs Committee was charged with a wide range of responsibilities, including:

"Facilitate communications between the Association's membership and public officials concerned with overseeing the collection and use of demographic methods and materials and the support of research and training in the population sciences … "Strengthen federal support for research and related scientific activities designed to advance analysis and understanding of population processes … "Strengthen the application of scientific knowledge about population to public policymaking … "Increase the visibility of population research itself, and of its present potential practical applications benefiting society."

The Chair of COPS is appointed by the PAA President for a five-year term. Members of COPS are appointed by the President for a four-year term. In making appointments, the President will consult with members and appropriate committees within PAA. COPS consists of seven members except in transition years, when there are eight members. One member will be designated by the President to serve as one of the PAA representatives to COPAFS. The PAA Government and Public Affairs Committee is invited to send an ex-officio representative to sit on the committee.

The PAA Development committee is a permanent standing committee with primary responsibility for raising additional funds beyond membership dues, annual meetings revenues, and subscriptions. The development committee should report annually to the PAA Board of Directors. The PAA President appoints members of the committee for terms of five years. The President, President-elect, and Past President serve on the committee. The size of the committee may vary over time as needs require. The PAA Secretary-Treasurer and Executive Director serve as ex-officio members.

The Dorothy Thomas Award is granted annually to a predoctoral or postdoctoral student for the best paper on the interrelationships among social, economic and demographic variables.

The Committee is comprised of seven members, each serving for three years. So that the committee can meet during the convention preceding the award date, appointments should be made at least one year in advance. To avoid conflict of interest, careful attention should be paid to institutional composition of the committee. The committee should represent diversity in the disciplines, particularly sociology and economics, and include members with backgrounds in statistics and mathematical demography.

The award consists of $1500 cash and a certificate.

The Clifford Clogg Award was established by the PAA Board of Directors at the Fall 1995 meeting, in recognition of distinguished work in population statistics. Beginning with the 2000 award, the terms have been modified. The award will now recognize early career achievement in population studies and demography, broadly defined. It will honor outstanding scholarly achievements of a population professional who shall have attained his or her highest professional degree within the previous 20 years, 1992-2012. It is awarded biennially in even-numbered years at the PAA Annual Meeting.

The award is sponsored by PAA in association with the Population Research Institute of the Pennsylvania State University, and commemorates the contributions of Clifford C. Clogg, a renowned expert in quantitative methods and labor force demography at Pennsylvania State University. Dr. Clogg made creative contributions to census and survey design and data collection systems through his work with the National Academy of Sciences panels, PAA committees, and the U.S. Bureau of the Census. His scholarship included work in the analysis of rates, standardization methods, latent structure analysis and the modeling of categorical data. Through his teaching and numerous workshops worldwide, he left a legacy as a mentor to the discipline in population statistics.

The Clifford Clogg Committee consists of seven members, serving for two selection rounds (four-year terms). Vacancies should be filled in the latter half of a selection year, so that the Committee can meet at the Annual Meeting. The Committee includes the two most recent recipients, and five members, including the chair, appointed by the PAA President.
The PAA Early Achievement Award, a biennial award recognizing the career of a promising scholar who is a member of PAA, was approved at the April 29, 2009 Board of Directors meeting. The first award was granted in 2012. Beginning in 2014 the most recent recipient will join the committee.
