CALL FOR NOMINATIONS
THE 2014 CLIFFORD C. CLOGG AWARD FOR EARLY CAREER ACHIEVEMENT

The Clifford C. Clogg Award for Early Career Achievement is given biennially by the Population Association of America and the Population Research Institute of The Pennsylvania State University. The award commemorates the memory and creative accomplishments of Clifford C. Clogg to the fields of quantitative methods and labor force demography. Dr. Clogg made important contributions to census and survey design and data collection systems through his work with National Academy of Science panels, Population Association of America committees, and the U.S. Census Bureau. His scholarship included work on the analysis of rates, standardization methods, latent structure analysis, and the modeling of categorical data. Through his teaching at Penn State and numerous workshops worldwide, he left a legacy as a mentor to the disciplines of population studies and statistics. Prior to 2002, recipients were honored for innovative contributions to the design, collection, modeling, or analysis of population survey or census data.

Beginning in 2002, the terms of the award were changed. The Clifford C. Clogg Award now recognizes early career achievement in population studies and demography, broadly defined. It honors outstanding innovative scholarly achievements of a population professional who shall have attained his or her highest professional degree within the previous 10 to 20 years, 1994 to 2013. The recipient need not be a PAA member and can be honored for distinguished work in the United States or in other developed or developing nations. The Award consists of a cash prize and a certificate, to be presented on May 2, during the PAA Annual Meeting in Boston, Massachusetts, May 1-3, 2014.

Nominations should be submitted by December 31, 2013 and include a description of the candidate’s important contributions to the population field and a copy of the nominee’s vita. Self-nominations are welcome. Inquiries and letters of nomination should be directed to John Strauss, Chair, Clifford C. Clogg Award Committee, University of Southern California, (email jstrauss@usc.edu) by December 31, 2013. The recipient will be chosen by the Committee, whose other members are Francesco Billari (Bocconi University), Robert A. Hummer (University of Texas-Austin), Nancy S. Landale (Pennsylvania State University), Scott Lynch (Princeton University), Seth Sanders (Duke University), Michael Shanahan (University of North Carolina, Chapel Hill).
