TUFTS UNIVERSITY

Department of Psychology and the Eliot-Pearson Department of Child Development

FACULTY POSITION: ADVANCED ASSOCIATE PROFESSOR OR FULL PROFESSOR IN DEVELOPMENTAL METHODOLOGY

THE DEPARTMENT OF PSYCHOLOGY AND THE ELIOT-PEARSON DEPARTMENT OF CHILD DEVELOPMENT (PENDING APPROVAL OF A CHANGE IN NAME, THE ELIOT-PEARSON DEPARTMENT OF CHILD STUDY AND HUMAN DEVELOPMENT) AT TUFTS UNIVERSITY invite applications for an advanced associate professor or full professor in Developmental Methodology, beginning September 2014. The successful candidate will hold rank in both departments, with the primary appointment to be determined in consultation with the person hired. He/she will undertake duties involving a combination of teaching; consulting to faculty, postdocs, and graduate students; and designing the sequence of advanced undergraduate through advanced doctoral courses in developmental methodology across departments. We seek a colleague with expertise in any substantive area of developmental science and with recognized national/international leadership in developmental statistical methods and, specifically, the use of advanced multivariate and multi-model statistical methods for use in change-sensitive research designs. The successful candidate will have demonstrated programmatic and scientific leadership in developmental science and a record of scholarly achievement (including a strong record of publication and grantsmanship), as well as teaching, commensurate with a tenured appointment at the level of advanced associate professor or full professor. Candidates must possess a doctorate in psychology or in one of the fields associated with developmental science (e.g., human development or human ecology). The successful candidate’s grantsmanship, research, and publication record will be marked by the development or application of cutting-edge developmental methods used in longitudinal multivariate models of person- and variable-centered change or in developmental systems models of individual-context relations.

Both the Department of Psychology and the Eliot-Pearson Department are internationally known for their scholarship and their undergraduate and graduate programs, including Ph.D. programs in several areas of psychological science and in applied human development, respectively. Both departments reflect Tufts’ university-wide commitment to active citizenship. See http://ase.tufts.edu/psychology/ and http://ase.tufts.edu/epcd/ , respectively, for more information about the departments.

Interested persons should send a letter of application, their vita, three representative scholarly publications, and the names of three references to the following link: https://secure.interfolio.com/apply/22243.

For any questions, please contact Mary Ellen Santangelo, Department Manager, Eliot-Pearson Department of Child Development, Tufts University, 105 College Avenue, Medford, MA 02155 or MaryEllen.Santangelo@tufts.edu.

Evaluation of candidates will begin November 1, 2013, and will continue until the position is filled. Tufts University is an Affirmative Action/Equal Opportunity employer. We are deeply committed to
enhancing the diversity of our faculty. Members of underrepresented groups are strongly encouraged to apply.
