

POPULATION ASSOCIATION OF AMERICA COMMITTEES

COMMITTEE ON FINANCE

The Finance Committee is a subcommittee of the Board; terms expire when Board membership ends. This committee includes the President, President-elect, Past President, Secretary-Treasurer and three Directors. At the end of each year, the President appoints one of the four incoming Board members to serve a three-year term on the Finance Committee. This appointee serves as Chair in his-her third year on the Committee. The committee meets twice a year, the Wednesday before the Spring Board of Directors meeting, and via conference call a week or two before the Fall Board meeting. The PAA Executive Director is asked to attend these meetings.

NOMINATING COMMITTEE

All members are elected for a one-year term, as mandated by the PAA Constitution. After the election, the PAA President appoints one of the committee members to the position of Chair. This committee accomplishes its work by conference call, between the election and early the following year. The slate of candidates should be sent to the editor of "PAA Affairs" by February 15, in time for publication prior to the Annual Meeting.

COMMITTEE ON PUBLICATIONS

The Committee on Publications is mandated by the PAA Constitution. Members are elected for a three year term, beginning January 1 of the year after the election. One member is elected each year and one rotates off at the end of each year. Each member serves as Chair in his-her third year. Every three years this committee is called upon to undertake the major task of recommending new editors for "Demography" and "PAA Affairs." At the Spring 1989 Board meeting, it was decided that the Chair presiding in the year new editors are selected will serve in an ex-officio capacity during the next selection year.

COMMITTEE ON MEMBERSHIP

The PAA Membership Committee is a permanent standing committee with responsibility for providing strategic guidance to aid in the recruitment, retention, and growth of an actively engaged and diversified membership. The committee will work with PAA staff and consultants to develop ways to attract new members, retain the current membership, and engage with current members. Also, the committee will evaluate the needs of the membership and the population research community and develop recommendations as to how PAA can best meet those needs. This committee was formalized at the May 8, 2002 Board of Directors meeting and it's charge was updated in late 2017. The committee consists of the Vice President, Vice President-elect, and three Board members appointed by the President. Board members are appointed for a three-year term, and serve as Chair in the third year. The committee reports at each Board meeting.

COMMITTEE ON GOVERNMENT AND PUBLIC AFFAIRS

This committee was formalized by the Board at the November 1, 1991 meeting. The President designates one member as Chair. In addition, the Committee includes the PAA President, President-elect, immediate Past President, Chair of the Committee on Population Statistics (COPS), President and Treasurer of the Association of Population Centers (APC) and three other members, appointed by the PAA President, representing the diverse interests of the Association. PAA Presidents serve three-year terms, in the capacity of President-elect, President, and immediate Past President. The COPS Chair serves for the duration of his-her term as Chair. The other members, including the Chair of the Government and Public Affairs Committee, serve four years. Appointments to the committee can be

renewed, but usually not for more than two consecutive terms.

The Government and Public Affairs Committee was charged with a wide range of responsibilities, including:

"Facilitate communications between the Association's membership and public officials concerned with overseeing the collection and use of demographic methods and materials and the support of research and training in the population sciences ... "Strengthen federal support for research and related scientific activities designed to advance analysis and understanding of population processes ... "Strengthen the application of scientific knowledge about population to public policymaking ... "Increase the visibility of population research itself, and of its present potential practical applications benefiting society."

COMMITTEE ON POPULATION STATISTICS

The Chair of COPS is appointed by the PAA President for a five-year term. Members of COPS are appointed by the President for a four-year term. In making appointments, the President will consult with members and appropriate committees within PAA. COPS consists of seven members except in transition years, when there are eight members. One member will be designated by the President to serve as one of the PAA representatives to COPAFS. The ASA Committee on Governmental Statistics and the PAA Government and Public Affairs Committee are invited to send an ex-officio representative to sit on the committee.

COMMITTEE ON PAA MEMORIAL SERVICE

This committee was formalized at the March 28, 2001 Board of Directors meeting. It consists of three rotating members, each serving as Chair in the third year. The committee organizes the service held at the annual meeting.

COMMITTEE ON APPLIED DEMOGRAPHY

The Applied Demography Committee represents the activities, interests and perspectives of the Business Demography and State and Local Demography Interest Groups to the PAA Board. The Committee helps facilitate the organizing of sessions at the annual meetings and annually sponsors the Applied Demography Breakfast. The term of committee membership is four years; members serve as chair in the fourth year.

INTERNATIONAL OUTREACH COMMITTEE

The International Outreach Committee consists of six members appointed by the President for four-year terms. Terms end after the Annual Meeting. During the transition year, the Chair and Chair designate will both serve on the committee. Ideally, the Chair would be picked from the existing committee members, first serving one year as Chair designate. Members may be reappointed for a second term only.

DEVELOPMENT COMMITTEE

The PAA Development committee is a permanent, standing committee with responsibility for developing and nurturing relationships with organizations and foundations that support PAA's efforts and its members' research and to provide general oversight of PAA's fundraising efforts performed by PAA staff and consultants. The PAA Secretary-Treasurer and Executive Director serve as ex-officio members.

COMMITTEE ON PAA AWARDS

At the Spring 2008 meeting, the Board voted to reinstate the PAA Awards Committee (originally established in 1997), and make this a permanent standing committee. The committee is composed of three members. This committee is charged with evaluating and recommending award policy; establishment and administration of awards. Each year the President will appoint one of the four incoming Board members to serve a three-year term. Committee members will serve as chair for one year, with the chair term beginning after the annual meeting in the second year of their Board term. The Awards Committee chair position rotates after the annual meeting, with third-year Board members serving in the capacity of “past chair” for the remainder of their term of service.

DOROTHY S. THOMAS AWARD COMMITTEE

The Dorothy Thomas Award is granted annually to a pre-doctoral or postdoctoral student for the best paper on the interrelationships among social, economic and demographic variables.

The Committee is comprised of seven members, each serving for three years. Appointments to the committee should be made at least one year in advance. To avoid conflict of interest, careful attention should be paid to institutional composition of the committee. The committee should represent diversity in the disciplines, particularly sociology and economics, and include members with backgrounds in statistics and mathematical demography. The award consists of cash and a certificate.

MINDEL C. SHEPS AWARD COMMITTEE

The Mindel C. Sheps Award, sponsored by PAA and UNC at Chapel Hill, School of Public Health, is awarded for outstanding contribution to mathematical demography or demographic methodology. It is a biennial award, granted in even-numbered years. Committee members serve for two selection rounds. Vacancies should be filled by the beginning of the year preceding the award date. The committee consists of seven members, including the chair, appointed by the PAA President, and the two most recent award recipients. The award consists of cash and a certificate.

CLIFFORD C. CLOGG AWARD FOR MID-CAREER ACHIEVEMENT COMMITTEE

The Clifford C. Clogg Award was established by the PAA Board of Directors at the Fall 1995 meeting, in recognition of distinguished work in population statistics. Beginning with the 2000 award, the terms were modified to recognize early career achievement in population studies and demography, broadly defined. The award honors outstanding scholarly achievements of a population professional who shall have attained his or her highest professional degree within the previous 10-20 years. In 2014 the award was re-named the Clifford C. Clogg Award for Mid-Career Achievement. It is awarded biennially in even-numbered years at the PAA Annual Meeting.

The award is sponsored by PAA in association with the Population Research Institute of the Pennsylvania

State University, and commemorates the contributions of Clifford C. Clogg, a renowned expert in quantitative methods and labor force demography at Pennsylvania State University. Dr. Clogg made creative contributions to census and survey design and data collection systems through his work with the National Academy of Sciences panels, PAA committees, and the U.S. Bureau of the Census. His scholarship included work in the analysis of rates, standardization methods, latent structure analysis and the modeling of categorical data. Through his teaching and numerous workshops worldwide, he left a legacy as a mentor to the discipline in population statistics.

The Clifford Clogg Committee consists of seven members, serving for two selection rounds (four-year terms). Vacancies should be filled in the latter half of a selection year. The Committee includes the two most recent recipients, and five members, including the chair, appointed by the PAA President. The award consists of cash and a certificate.

EARLY ACHIEVEMENT AWARD COMMITTEE

The PAA Early Achievement Award recognizing the career of a promising scholar who is a member of PAA was approved at the April 29, 2009 Board of Directors meeting. The first award was scheduled to be presented at the 2010 Annual Meeting then biennially in even years. No recipient was selected in 2010, and the award was first granted in 2012. The 2012 recipient joined the committee for the 2014 selection and served as Chair. The Committee consists of seven members serving for two selection rounds (four years). The award consists of cash and a certificate.

ROBERT J. LAPHAM AWARD COMMITTEE

The Robert Lapham Award was first granted in 1989, and is awarded biennially in odd-numbered years. The award is presented for distinguished contributions to population research, the application of demographic knowledge to improve the human condition, and service to the population profession.

Terms of service on the committee are for two selection rounds (approximately four years). Committee members include the two most recent award recipients, and five members appointed by the PAA President. Award recipients serve as Chair during their second term. The Committee appointments should be made at least one year prior to the award date. The award consists of cash and a certificate.

IRENE B. TAEUBER AWARD COMMITTEE

The Irene Taeuber Award is awarded biennially in odd-numbered years. This award is sponsored jointly by PAA and the Office of Population Research (OPR) at Princeton University. The award is granted in recognition of either an unusually original or important contribution to the scientific study of population or an accumulated record of exceptionally sound and innovative research.

Terms of service are for two selection rounds (four years). Committee membership includes the two most recent recipients, and five members, including the chair, appointed by the PAA President. The award consists of cash and a certificate.

HARRIET B. PRESSER AWARD COMMITTEE

The Harriett B. Presser Award was established by the PAA Board of Directors at the Spring 2008 meeting. The award honors a record of sustained contribution in gender and demography. It was first presented at the 2009 PAA Annual Meeting and is awarded biennially in odd numbered years. The Committee consists of seven members serving for two selection rounds (four years). Award recipients serve as Chair during their second term. The award consists of cash and a certificate.

HISTORY COMMITTEE

Dismayed by the lack of usable historical information about PAA, Andre Lunde, who spent most of his professional career at the National Center for Health Statistics in Washington, D.C. (now part of the U.S. Centers for Disease Control), became the first Historian of the PAA, followed by Jean van der Tak, and currently John Weeks. In 2003 the PAA Board authorized the creation of the PAA History Committee, to be chaired by and to work with the PAA Historian.
