
YOU'RE INVITED >>

The **Population Association of America**
and the **Association of Population Centers**
in cooperation with the **Office of Congressman David Price**

Invite you to a Luncheon Briefing...

The Demography of Disasters: Informing Recovery Decisions

DATE:

Monday, July 18, 2011

TIME:

12:00 to 1:30 p.m.

LOCATION:

Rayburn House
Office Building
Room B338

*(Complimentary box lunches
will be available)*

*To register, or for
more information,*

contact Juliane Baron or

Mary Jo Hoeksema at

paabriefing@popassoc.org or

202-341-7283

This will be a widely attended event.

**In 2010, nearly 300 million people
were affected by natural disasters with
an estimated \$108 billion in damages.**

Disasters like the earthquakes in Haiti and Japan
and the flooding and tornadoes across the southern
U.S. take lives and destroy communities every year.

Long after the media moves on to the next topic, recovery
efforts continue—often for many years. What do we know
about the affected individuals, families and communities?
What are the results of assistance programs? Join us as
our speakers present their findings on how disasters impact
the size, make-up, and well-being of affected families
and communities.

Featuring:

Elizabeth Frankenberg, Ph.D.
Duke University

Russ Paulsen
American Red Cross

Mark VanLandingham, Ph.D.
Tulane University

*Cosponsored by American Red Cross, American Sociological
Association, American Statistical Association, Consortium
of Social Science Associations, Council of Professional
Association on Federal Statistics, Natural Hazard Mitigation
Association, Population Reference Bureau, Population
Resource Center, Southeast Michigan Census Council*
