The School of Health Professions Department of Health Sciences (DHS) at the University of Missouri is seeking applications for a TWO-YEAR POSTDOCTORAL RESEARCH FELLOW to work on several nationally funded projects. This position will provide the opportunity for collaboration with Dr. Cheak-Zamora within the DHS (http://shp.missouri.edu/hs) and Dr. Colleen Heflin within the Truman School of Public Affairs (https://truman.missouri.edu/) to carry out and publish original, policy-relevant research on health care utilization, health care transition, and economic and public policy reform. The fellow will have access to training in quantitative and qualitative methods and to collaborative relationships within both schools as well as with other faculty in the School of Medicine, Public Health, and the School of Journalism. More information can be found at: http://nancycheakzamora.wordpress.com/ or http://truman.missouri.edu/author-archive/744/.

Requirements:
1. Ph.D or ABD in Public Health, Health Services Research, Sociology, Psychology, Economics, Public Policy, or a related area.
2. Demonstrated interest in these research areas and possession of strong quantitative skills.
3. Strong writing and oral communication skills, and preference will be given to applicants with a demonstrated record of publishing in peer-reviewed journals.
4. Highly motivated

Position Information: Term of appointment will be for two-years anticipated to start June 1, 2015. Salary is competitive and based on NIH guidelines for education and experience. Fellows will receive money for travel and other research related expenses.

Application Instructions: Candidates should submit a letter describing their research interests and training goals, relevant reprints/preprints, a CV, and three letters of recommendation. We will begin reviewing applications on January 12, 2015 and will continue to accept materials until the position has been filled.

Application materials should be sent in electronic format to:
Nancy Cheak-Zamora, PhD
